Organize

37th INTERNATIONAL CONFERENCE ON PRODUCTION ENGINEERING - SERBIA 2018.

To be held at:

Kragujevac, 25 - 26. October 2018.

SECOND ANNOUNCEMENT

Honoring the long tradition, International Conference on Production Engineering - Serbia (ICPE - S 2018) will be held in Kragujevac in 2018.

The main objectives of the conference are promoting goals and significance of the production engineering in the fields of economy revitalisation and society in general.

All relevant topics related to production engineering will be presented at Conference, with a focus on new technologies and their significance in production processes. Also, a part of the topics will be linked to the Industry 4.0, globalisation in production organisation and technology transfers.

New publications of the members of the Society of Production Engineering will be promoted at the Conference.

During the Conference, a round table will be organised on education in the field of production engineering and revitalisation of production engineering.

We cordially invite you to participate at this event from October 25 – 26, 2018, in Kragujevac, and support revitalisation of production engineering in Serbia.
